Criteria: No % Criteria & No Live Backlog

Process: PPT, GD, Written Test, Personal Interview

Designation: Patient Care Pharmacist

Salary: 2.7 LPA inclusive of all the benefits, PF and Taxation (if any).

Job Description: A Patient Care Pharmacist is responsible for collaborating with KloudScript stakeholders while working under the direction of a team lead/supervisor/manager. He or she will be responsible for maintaining a high standard of consistent operational procedures, care coordination, communication and processes between all KloudScript stakeholders.

ESSENTIAL FUNCTIONS

- The Patient Care Pharmacist maintains positive stakeholder relationships with the daily operations of the specialty care program.
- Handles any incoming and outgoing calls, faxes, and emails with pleasant and professional demeanor.
- Communicates on behalf of the prescribers and pharmacies to payors and pharma relating to any specialty program needs.
- Manages communication with prescribers and payors to resolve issues and to provide updates of their patient's referral status.
- Coordinates patient financial assistance and support services, copay cards, funding assistance and manufacturer support

Programs.

- Completes prior authorization (PA) for specialty patients. PA's must be done verbally via telephone or application. A thorough review of the patient's Statement of Medical Necessity must be provided, which includes diagnosis, signs/symptoms of the disease, prior failed treatments, contraindications, laboratory tests and results and any other pertinent medical information for the patient's case.

- Collaborates with their team and other Hub Operations personnel for support and guidance.
- Maintains compliance with company policies and procedures, and complies with all laws regulating pharmacy services.
- Maintains all PHI according to HIPAA rules.
- Assists in training of new staff members as needed.
- Works independently on other projects as assigned.
- Performs other duties as assigned by management.
