**Important: for students to participate in this drive**

(B) All subjects mentioned on the mark sheets of 10<sup>th</sup>, 12<sup>th</sup>, diploma, BE and ME/ M Tech would be taken into consideration for calculating the aggregate marks. For example, best of 5/6 subjects for calculating the aggregate is not acceptable as per the TCS Eligibility Criteria. All subjects mentioned on the mark sheets (including languages, optional subjects etc) would be taken into consideration for calculating obtained/total marks/CGPA

(C) In cases where a candidate has completed both- 12<sup>th</sup> and Equivalent Diploma, the cut off percentage of 60% and above is applicable to both the courses i.e. 12<sup>th</sup> and diploma.

(D) Completion of all courses Class 10<sup>th</sup> onwards within the stipulated time as specified by your university/Institute and as per the TCSL Selection Guidelines without any extended education. For example, if you have a backlog in the final semester of BE, it is considered as extended education as the stipulated time to complete BE is 4 years.

(E) It is mandatory to declare the gaps/arrears/backlogs, if any, during your academic and/or work experience. Break in education should not be due to extended education. Any break in education/work experience should not exceed 24 months and is permissible only for valid reasons. Relevant documentary proof, as applicable, will be checked for gaps in education.

For example, if a candidate has secured 58.9 % (aggregate of all subjects) in Standard 12<sup>th</sup> examination in the first attempt and has taken an improvement exam in the next attempt securing 62%, he/she does not fulfill the TCS eligibility criteria as marks/CGPA obtained during the normal duration of the course only will be considered.
