About Nirvana Solutions:-

Nirvana Solutions is a financial technology & services provider that delivers integrated and modular front, middle and back-office solutions to a wide array of financial firms, including hedge funds, private equity firms, asset managers, prime brokers, and fund administrators. Nirvana's ability to electronically ingest data from the inception of a portfolio and seamlessly integrate its day-to-day workflow from front to back office, makes it stand out from the crowd. The complexity of the application poses interesting challenges and facilitates multitude of learning opportunities to the one who wants to dive in. At Nirvana, we strive to build a close-knit competitive team environment. We believe in team players. A successful team gives better results than an accomplished individual. Nirvana solutions headquarter is in the financial capital of the world - Manhattan, NY, USA. Our offshore development centre is in Gurugram, it plays especially important and critical role in the overall business of the company.
