About Shakti Pumps India:- Shakti Pumps is India's largest manufacturer of 100 % stainless steel pumps & energy efficient motors; with a presence over 125 plus countries. Our pumps cover a broad range of applications across an entire gamut of industries such as: domestic & commercial buildings, water treatment & boiler feed, water supply/service, wastewater treatment, cement, steel, mining, textiles, heating, ventilation & air conditioning. The USP that distinguishes us amongst all others is that our pumps deliver 40% more discharge as comparison to any other pump & saves up to 40% electricity. We are also in sync with the country's vision to make India the renewable energy capital of the world through eco friendly innovations like Shakti Solar Pumps. We always look forward to joining hands with associates who believe in growing from strength to strength.
