To give you a snapshot of what company is into, sharing a brief company profile:
Under the Bajaj Finserv Group, we are venturing into the health-tech
Space, led by Mr. Devang Mody (CEO). We are creating a disruptive
healthcare solution to improve and manage healthcare in India with
advanced technological intervention. The health-tech space in India is relatively untouched and we
believe our offering is an unique
proposition that holds the potential to rethink healthcare and currently operating through various
partnership networks with hospitals and laboratories.

To build our Design & Technology Team, lead by Mr. Anurag Vohra (CTO), we aim to hire the best in
class talent. This opportunity offers a direct way of impacting customer and the society, alongside the
association with the much coveted Bajaj Group. With a young workforce, our work culture and space
promises a millennial work experience.

To build our Tech Team, we are looking at hiring Technology Interns
for a span of 3 Months (100 Days) who might get offered for full-time
roles with us, strictly basis performance.

Registration link is as under   (in column of college ID, students need to put their own email address,
Prepare linkedin and github profile as link will be required while filling the form):
