

NOTICE CAMPUS DRIVE BE/ME/MBA 2019/2018 Pass out Batch

An MNC, based out of Bangalore i.e Vedantu will be conducting campus recruitment.

About Vedantu (Website: <https://www.vedantu.com>)

Vedantu is based out of Bangalore and is founded by a bunch of IITians, who have been teachers themselves and have taught more than 10,000 students between them. We are a team full of uber-talented and motivated people. We are looking for equally passionate individuals to join us in making this vision a reality. We have already started to make some noise and shorten the sleep-span of some education bureaucrats.

Opportunity with Vedantu:

Vedantu is looking at providing an opportunity for students to directly impact the growth and the associated business drivers. Since the students are currently in their final year of college, the company would be only able to absorb the candidates on a full time position after they graduate from their campus. The fixed component in the same should be about INR 4 lakhs per annum and about INR 3 lakhs per annum as variable pay. The variable pay can go upto about INR 8 lakhs per annum basis their performance. The candidates would work with us on projects ranging in the domain of sales and marketing for a period of 4-6 months. The candidates would be expected to quickly pick up skills in sales and marketing and drive business goals. This presents the candidates with an opportunity to grow with the company and shape the strategic direction in the domains they are associated with.

The candidates would be provided with a basic stipend of INR 23,000 (Chennai/Coimbatore/Lucknow/Indore/Pune) per month post successful completion training for 3 weeks.

Vedantu believes in nurturing the candidates during the probation period so that they can go onto absorb bigger responsibilities in the organisation. Hence, the candidates (basis the performance during the probation period) would be presented with an opportunity to join the company upon completion of their graduation from college. The final role allocation would depend upon the interests of the students and the available opportunities within the company at the time of joining.
