**About Company:** Xoriant is a Silicon Valley based product engineering, software development and technology services firm with offices in the U.S., Europe and Asia. For both technology companies and enterprises, from startups to the Fortune 100, we leverage our expertise in emerging technologies and our high-performing teams to deliver innovative solutions that accelerate time to market and keep our clients competitive. Our technology focus areas include Product Engineering, DevOps, Cloud, Infrastructure & Security, Big Data & Analytics, Data Management & Governance, Digital and IoT.

With a firm belief in the value of prototyping, we work alongside our clients to ideate and build next-generation solutions, designed with a particular technology stack in mind. We integrate those solutions within our clients' existing ecosystems, to maximize technology investments already made. As a services company, we know we have to earn our clients' business every day. True flexibility and integrity and excellence in execution, even through the tough times, is why customers stay with us for the long haul.
