

Wipro Earthian Sustainability Quiz— 07th Edition

The Wipro earthian Sustainability Quiz for colleges aims to raise students' awareness, understanding, and enthusiasm towards sustainability at a national level.

The Wipro earthian Sustainability Quiz for colleges was launched in 2015. This is the only national level college quiz in the country dedicated to sustainability and is an initiative to increase the basic knowledge quotient and enthusiasm in understanding this theme.

Over the last 6 years we have touched upon topics such as renewable energy sources, solid waste management, urban mobility, green technology, green building and architecture, water management, etc., as well as the latest technologies in sustainability. After conducting over 40 quizzes with 3800 teams, and 7600 participants, we now aim to deep-dive into the extensive world of sustainability.

Over the last seven years, more than 12,000 participants from top colleges in India, including, IITs, IIMs, NITs, and BITS have joined us. The quiz questions are curated from a wide range of topics under the broad umbrella of Sustainability including Renewable Energy Sources, Solid Waste Management, Urban Mobility, Green Tech, Green Building and Architecture, Water Management, latest trends in Sustainability, etc.

Participate in the Wipro earthian sustainability quiz from the comfort of your home.
