

IMPORTANT NOTE:-

- 1) Please find below 02 registration links to complete whole registration process.
- 2) Registration on both the links are equally important only then your candidature will be considered for further process.

About Company: RWS is the world's leading provider of language technology, technology operations and digital technology services. We collaborate with our clients to implement the best-fit language technology tools such as translation management systems (TMSs) and integrate them with other technologies such as content management systems (CMSs). Our technology operations services provide app development and support, robotic process automation (RPA), software testing and QA and cloud and infrastructure services to help companies optimize and manage their applications and focus on their core business. We also design and deploy digital technology solutions for ecommerce, gamification, UX design, OTT, IoT and more.

RWS is having 98+ offices across globe.

We thrive on solving our clients' biggest technology challenges with custom solutions and innovative approaches. Our client base spans Europe, Asia Pacific and the Americas across the technology, pharmaceutical, medical, legal, chemical, automotive, government and telecommunications sectors. Founded in 1958, RWS is headquartered in the UK and publicly listed on AIM, the London Stock Exchange regulated market (RWS.L). For more information, visit our website at www.rws.com.
