Company: "Globsyn I.T Services Private Limited (AI Workspace)"

About Company:

We are a global outlook firm with deep domain competencies in Education, Technology and Infrastructure. We believe that our success lies in the success of our customers — irrespective of their size and scale of operations. We have crafted services and solutions to help our customers leverage and profit from the advanced use of Education, Technology and Infrastructure.

At our core we are problem solvers with an unwavering passion for performance. We minimise hierarchy, are intellectually curious and closely engage with our customers to work in a highly collaborative mode. We are a people driven research and IP creation firm and are constantly identifying new knowledge and technology trends, developing new solutions and creating sustainable value for our customers around the world .

AI Workspace has bagged a unique position in deliberating Sourcing and Data Annotation services thereby initializing supervised learning for Machine Learning Algorithms. Having provisioned an advanced AI Workspace out of a total built up area of above 200,000 sq. ft., our team of 1000+ employees have been able to coin their credibility, deep domain skill and competence with a worthy SOC 2 * certification. A SOC 2 * certified organization defined by appropriate SOC guidelines and procedures, our goal is to deliver bench marked business outputs whilst protecting our clients sensitive data satisfactorily. AI Workspace service commitments and system requirements were achieved based on the trust services criteria set forth in TSP section 100, 2017 Trust Services Criteria for American Institute of Certified Public Accountants (AICPA) during the SOC 2 * audit process.
