> **The great aim of education is not knowledge but action.**

MESSAGE

We at **MIT** believe in the "Karyeshu Kaushlam", we encourage our students to be efficient in their performance by providing holistic development to them.

Present era is the era of rapid transformation and innovations in technology. **MIT group** is committed to bridge the gap of industry ready and skilled employable resources for current requirements. **Artificial Intelligence and internet of things (IOT)** has revolutionized the engineering industry in recent years, enabling faster, smarter, and more efficient processes. It is estimated that by 2025 there will be more than 21 billion IOT devices in the world. Recently at MIT, we have created a platform for students to explore their capabilities by introducing **B.Tech. Artificial Intelligence and Data Science (AI & DS) & B.Tech. Computer Science Engineering with IOT** aims the students to acquire technical skills to perform data processing, analysis and visualization in multiple real-time applications. Through **Institution's Innovation Council (IIC)**, we equip our students with the tools they need to start and grow their own businesses and appropriate guidance in the field of Innovation, Entrepreneurship, Incubation and Start-Up.

We provide live training sessions under Microsoft training sessions and organized Microsoft power BI workshop, we empower our students to enhance their depth of knowledge by organizing sessions on versatile topics and provide platforms like student clubs **"Google Developer Students Club (GDSC-MGI) ", "ClubToCode", "Meta Developers Circle (MDC-MGI)"** to Collaborate and Contribute to building solutions for real-world problems and establish them as a developer.

Ujjain is now epicenter of industrial development; MPIDC, MSME and USCL are developing **Pharma cluster**, recent development of **textile industry** in **Ujjain** and rapid industrial development at V**ikram Udyogpuri** near **MIT Campus,** These developments has provided pool of employment opportunities for **Pharma and MBA students**.

We are proud of our achievements and looking forward to continuing our mission of providing the best quality education for our students.

Sahil Rajesh Juneja graduated in the field of Information Technology from MIT Ujjain.

During this time he had vision of starting a company and become a billionaire one day.

By the time he completed his engineering he already established his firm under the name Mahakal Infotech where he used to provide services related to search engine optimization, social media management, performance marketing.

In late 2015 Sahil along with his college buddy Suyash Singh Thakur started doing R&D for Chai Kaapi. After travelling the whole Bharat, from north to south they gathered every bit of Information they needed to start and run a food business.

They started Chai Kaapi's operation in 2016 on Sahil's Birthday which is 29th April.

Chai Kaapi was started in Indore with 4 outlets at once as the founders ie Sahil & Suyash wanted to go big from day 1 itself!

As of April 2023 Chai Kaapi has more than 25 outlets and is CENTRAL INDIA'S BIGGEST "CAFE" CHAIN.
