About Company: iOPEX is a new-generation business solutions provider offering optimized IT management and Automation services. We are process innovators focused on extracting the best out of the investments you have already made. At iOPEX, we help you realize the golden ratio where your technology and business are in complete synergy, making your company greater than the sum of its parts. Founded in 2009, the demand for our specialized optimization solutions has helped us grow to over 3000 employees since we began our journey.

At iOPEX, we believe that every business is unique, and we take pride in creating tailor-made solutions that cater to the specific needs of each client. Our team of innovators and experts are dedicated to challenging ourselves and extending boundaries to create novel solutions that help businesses achieve their full potential. With a customer-centric approach and a go-getter DNA, we are committed to delivering beyond promises and building long-lasting partnerships with our clients. No wonder we boast of a marquee list of Fortune 500 clients, and many more, each being 100% reference able.
