About Company (www.laxmiagni.com): Started in 1999, Laxmi Agni Components & Forgings Private Limited is an ISO, TS & OHSAS Certified green field company located in Aurangabad.

We manufacture various precision components and assemblies, with over 1000+ employees and a gross turnover exceeding \$34 Million / annum. Total 6 units we have at Aurangabad Maharashtra from that 1 plant is located in Chikalthana MIDC & Remaining 5 plants is located at Waluj MIDC, Aurangabad.

A forging plant with an average capacity of 1000 MT/ month, we have an annual uptake of about 12000 MT and occupy over 3 10 000 sq ft in existing & under installation facilities.

Our existing range of forgings is from 1000gm to 15kg, soon to go upto 21kg (Jan 2016). We are a comprehensive plant complete with in – house tool room, heat treatment & materials testing laboratory, supported by world class machining facilities. The Standards Room is equipped with Vectra Touch, Coordinate Measuring Machine (200mm x 600mm x 8000mm Axis), ConTracer & Profile Projector.

The company is headed by Mr. A.K. Kapoor and Mr. A.R. Kapoor, technocrats with grass root engineering experience who have led Laxmi-Agni into the new millennium, using Total Productive maintenance (TPM) as a tool, confident of successfully meeting the ever-increasing demand and fulfilling its obligations to its valued customers by delivering zero defect components on Just in-Time (J.I.T.) basis, at competitive prices.
